ATLASTRAPS.COM

Here at **Atlas Trap Company** we believe in a few basic principles - *superior product design*, *excellent customer service* and a *vast product line* to cover every aspect of clay shooting.

That is why all of our clay target throwers are hand-built here in America. We use aircraft-grade stainless steel and aluminum throughout our machines and the major components of our clay target throwers have been used and perfected in the field since 1982.

Customer service is a major component of our success. To start off with, we back our machines with the industries best warranty - a 5-year warranty plus a lifetime warranty on the clutch and electrical system.

We build clay target throwers for individuals who want to shoot with their family and friends to high-volume commercial shooting grounds and everyone in between. American-owned and American-made, America's finest clay shooting equipment.

# AT50

An excellent personal use machine that is designed to last a lifetime. With its ability to launch clays in less than a second, you're able to launch clays in rapid succession and have 4-5 birds in the air at once. Due to the stainless steel/aluminum construction, no other trap will outlast the AT50. It is easily adjustable allowing you to change target angles in seconds.

- DURACLUTCH™ (LIFETIME WARRANTY)
- FULLY AUTOMATIC
- DIRECT DRIVE (NO CHAIN OR SPROCKETS)
- INSTANT RELEASE
- POWERED BY 12-VOLT BATTERY

# AT300

A perfect choice for medium to large clubs! Packed with all of the great features of our revolutionary AT400, the AT300 does it all! We started with our AT400, reduced the magazine capacity to 300 targets, modified the mainframe and lowered the overall height of the machine by 9". When compared to other brands, the AT300 outperforms in accuracy, extreme tilt capabilities, ease of use and adjustment, simplicity, length of warranty, durability and price!

- DURACLUTCH™ (LIFETIME WARRANTY)
- "TRUE KNIVES" FOR FEEDING FROZEN, WET OR STUCK CLAYS. ADJUSTABLE FOR STANDARD OR INTERNATIONAL TARGETS.
- RATCHETING LEVELS TO CHANGE VERTICAL AND TILT ANGLE - NO TOOLS REQUIRED.

AT300

# RBT

Our commercial-grade Rabbit trap is a perfect addition to any sporting clay course, 5-stand or any application where challenging rabbit presentations are desired. Its ability to launch rabbit clays across the ground, at varying speed, make this a course favorite. With a tilting base all target presentations can be thrown as curling targets, making it even more challenging. Targets speed and tilting angle can be changed in less than 1 minute. With its ability to throw different speeds and distances, the Atlas Rabbit trap will allow course designers flexibility when setting a challenging rabbit target.

# T/C

Our commercial-grade Teal & Chandelle trap can launch standard clays perfectly vertical (teal), looping (chandelle) or anything in between. This versatility makes this trap extremely fun for course setters and those who want to change the target presentation in a matter of seconds. The Teal & Chandelle trap is a perfect addition to any sporting clay course, 5-stand or any application where challenging teal or chandelle presentations are desired. Targets speed and tilting angle can be changed in less than 1 minute. With its ability to throw different speeds and distances, the Atlas Teal & Chandelle trap will allow course designers flexibility when setting a challenging teal or chandelle target.

# TRIO

The absolute best simulation of live birds! The Trio™ is equipped with 2 oscillating and 1 wobble AT250 traps that provide a wide array of target presentations. The programmable wireless controller has pre-loaded functions to throw singles, doubles, triples and random targets such as flush/flurry. You simply select the number of shooters, targets and intervals between launches to simulate your favorite driven birds. With a capacity of 750 targets and the D.O.T. approved trailer, you can take the Trio everywhere you want to shoot.

# ACCESSORIES

## ATA/OSCILLATING BASE

Increase your skill to a higher level by firing at random targets.

- OSCILLATES TRAP SIDE-TO-SIDE
- CONFORMS TO ATA STANDARDS
- ON/OFF TOGGLE SWITCH
- POWERED BY 12-VOLT BATTERY
- INTERRUPTER AVAILABLE

## WOBBLE BASE: AT50 - 250

Add this to your existing Oscillating Base for random vertical and horizontal target shooting.

## WIRELESS FOOT RELEASE

All of the benefits of the Wireless Release combined with the Foot Release.

- OPERATES ONE TRAP
- SIMPLE SET UP
- 75+ YARD RANGE
- USES SMALL 12-VOLT BATTERY
- NEMA WATER-RESISTANT CASE
- VERSATILE AND ADAPTABLE TO OTHER MAKE TRAPS THAT USE CLOSING CONTACT PRINCIPLE

## 110 VOLT POWER CONVERTER

Converts 110 volt to 12 volt power, eliminating the battery. Requires 110 volt, 20 amp service. This is a great option for trap, skeet and anywhere there is a 110 volt power outlet.

## WIRELESS SKEET SETS

- OPERATES TWO TRAPS
- SIMPLE SET UP
- 75+ YARD RANGE
- TWO RECEIVERS IN NEMA WATERPROOF CASES
- USES SMALL 12 VOLT BATTERY - 3 INCLUDED
- NO DIP SWITCHES TO SET
- GUARANTEED TRUE PAIRS EVERY TIME!

## 2-WHEELED CART

Tote your trap wherever you want.

- PNEUMATIC RUBBER TIRES WITH BALL-BEARING WHEELS
- BATTERY BOX
- HEAVY-DUTY WELDED STEEL FRAME
- PIN-TYPE HITCH

## FOOT RELEASE

A must for one man practice! Use this durable steel switch to throw targets with the tap of your foot.
